EDP Offers a solution...

Engineered Data Products, Inc., the leading designer and manufacturer of computer support equipment, together with Wright Computer Products, Inc., have jointly developed a line of computer support equipment for ships, featuring EDP's patented Viewport concept.

New technologies are developing faster than at any other time in history. We live in an ever-changing world where information is key in helping us make important decisions. In a very short period of time, the computer has become an invaluable tool in managing this flood of information.

As a result of this rapid growth in technology and space limitations, the Maritime Industry has been challenged with how and where to house their sophisticated computer equipment. Previously, shipboard personnel secured their computers and peripherals by bolting or strapping the equipment to the desk, or building specialized cabinetry.

These shipboard products have been approved for use aboard U.S. Navy ships.

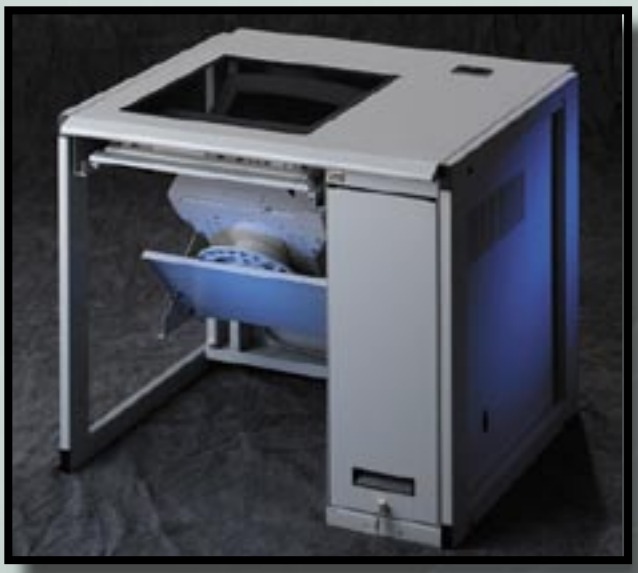
Viewport™ Desk Solutions

The innovative Viewport Desk was designed to help the U.S. Navy house its sophisticated computer equipment in a secure environment. The Desk is equipped with EDP's patented Viewport system allowing operators to work in an ergonomic environment. The Viewport design securely houses the computer inside the desk, thus providing greater flexibility and more workspace. The Viewport Desk can be ordered in a variety of sizes, creating the precise solution for safely securing equipment.

Four Convenient Sizes

All Viewport Desks are Cool Grey and ship knocked down



Part # 2536-SB
36" Viewport Desk 36w x 30d x 30h

Part #2551-SB
51" Viewport Desk 51w x 30d x 30h

Part # 2548-SB
48" Viewport Desk 48w x 30d x 30h
(accepts up to a 19 1/2" keyboard)

Part # 2560-SB
60" Viewport Desk 60w x 30d x 30h
10" CPU Shelf/also available with 12"CPU
(Part # 2561-SB)

EDP's patented Viewport - a tinted, tempered 1/4" thick, 18"w x 18"h glass viewport, allows for proper ergonomic viewing angles. Up to a 17" monitor stores underneath the worksurface in an adjustable monitor bucket. Lock-in, pull out* keyboard drawer accepts keyboards up to 23"w x 10"d.

*Excluding Part #2548-SB, which accepts 19 1/2"w x 10"d

PowerStation

Optional built-in shipboard command center surge suppressor offers surge protection, noise filtration, and power control for a ship's unique electrical power.

Locking Pedestal

The Viewport Desk also features a locking, three drawer pedestal for additional security.

All Viewport steel desks can be welded or bolted to the deck for added stability in adverse conditions.

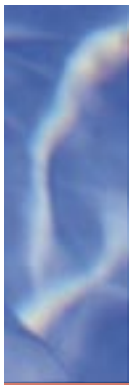
CPU Pedestal

CPU pedestal has a receding lockable door, CPU tie-down straps, and vents for ventilation. The pedestal accepts maximum CPU size of 9 1/4"w x 29"d x 24"h

L-Connectors

Solid Top Desk Solutions

Accommodating the increasing popularity of the flat panel monitor, and building on the proven Shipboard Desk Line-EDP along with Wright Computer Products has designed the Solid Top Shipboard Desk.

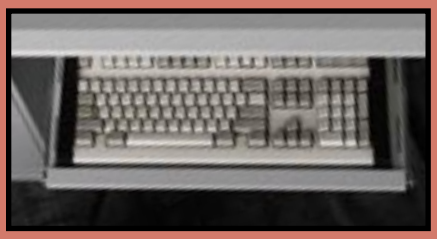


The CPU pedestal has a receding lockable door, CPU tie-down straps, and vents for keeping equipment cool.

L-Connectors provide security in adverse conditions allowing for a bolted or welded connection directly to the desk.

P/N 3036-FT

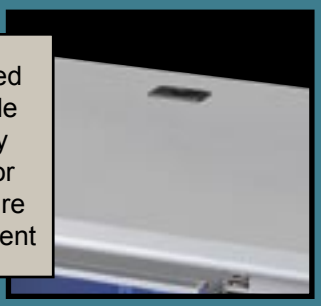
Lock-in, pull-out keyboard drawer with tie-down straps



36", 51" & 60" maximum keyboard size of 23"w x 10"d

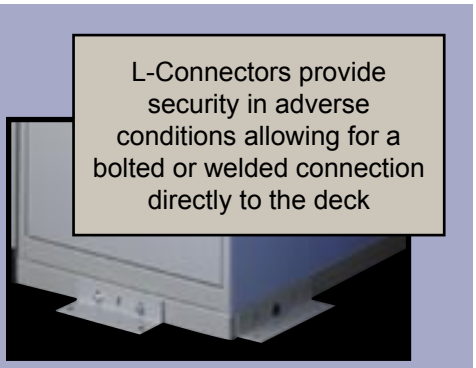
48" maximum keyboard size of 19$^{1/2}$"w x 10"d

A centered rear cable pathway allows for simple wire management



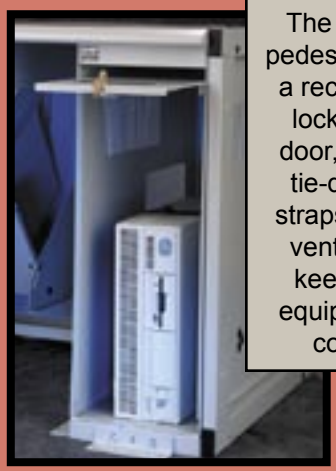
P/N 3048-FT

Optional built in shipboard command center surge suppressor offers surge protection, noise filtration, and power control for a ships unique electrical power needs

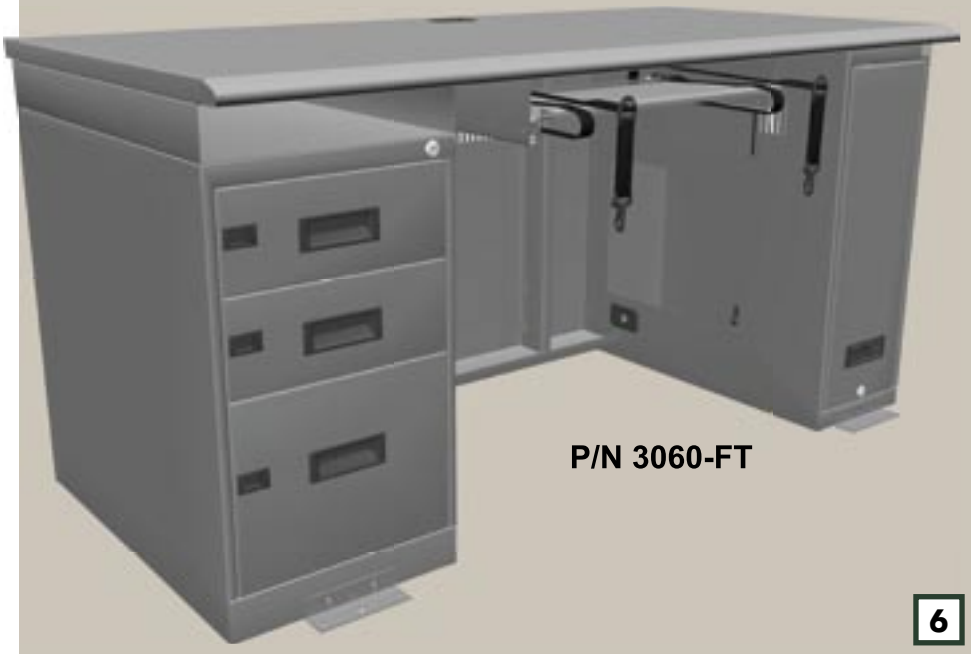


L-Connectors provide security in adverse conditions allowing for a bolted or welded connection directly to the deck

P/N 3051-FT



The CPU pedestal has a receding lockable door, CPU tie-down straps, and vents for keeping equipment cool.



P/N 3060-FT

Storage and Desk Solutions

Storage Solutions

These custom-made units allow you to make the most of the space restraints aboard your ship. Can you ever have enough storage, especially in tight quarters?

Get Organized

Each Shipboard Organizer is designed to attach to your current computer workstation or standard desk. The following organizers are available in stock in the color cool grey:

P/N 3600-SB (36″w x 38″h x 13″d)
P/N 4000-SB (40″w x 38″h x 13″d)
P/N 4800-SB (48″w x 38″h x 13″d)
P/N 6000-SB (60″w x 38″h x 13″ d)

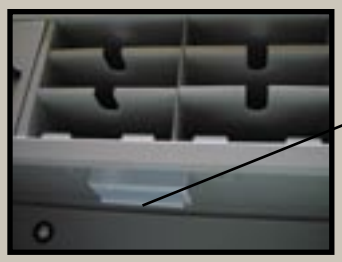
Features Include

- Binder storage shelf
- Adjustable dividers with locking bar
- Swing-down binder support bar that keeps library secure in rough seas
- Personal lockable compartment
- Letter size storage trays
- Halogen task light

Built to Last

Each organizer is built of heavy-duty furniture-grade steel and designed for shipboard applications.

Bars create a barrier, securing and protecting books and other items from falling off shelf.



A light on both sides of the organizer illuminates corner surfaces

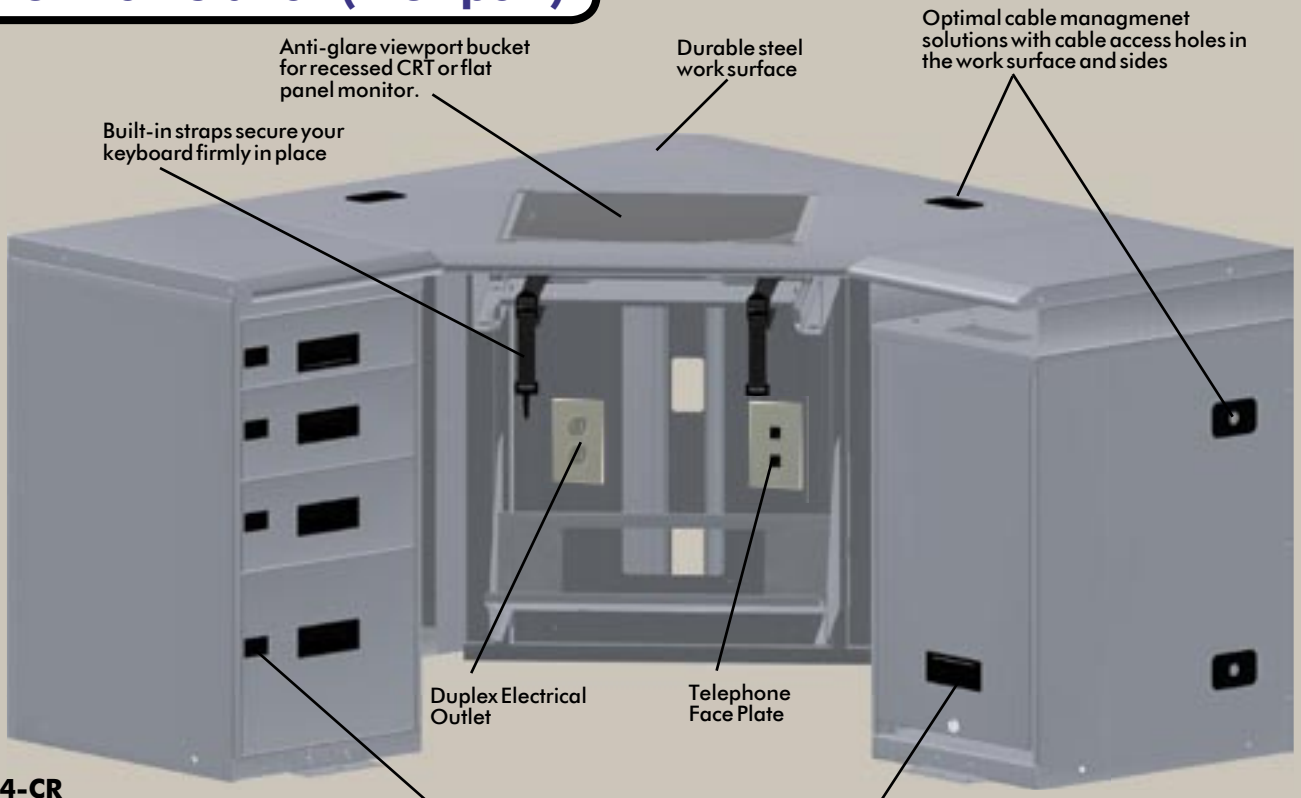
Corner Workstation and Organizer

Organizer
P/N 9500-CR

Desk P/N 2254-CR

Optional **Flat Panel Display mounting device**. Fits easily under the ViewPort surface for flat panel viewing vs. standard CRT monitors

Corner Workstation (Viewport)



P/N 2254-CR

Corner Workstation (Solid-Top)

P/N 5454-FT

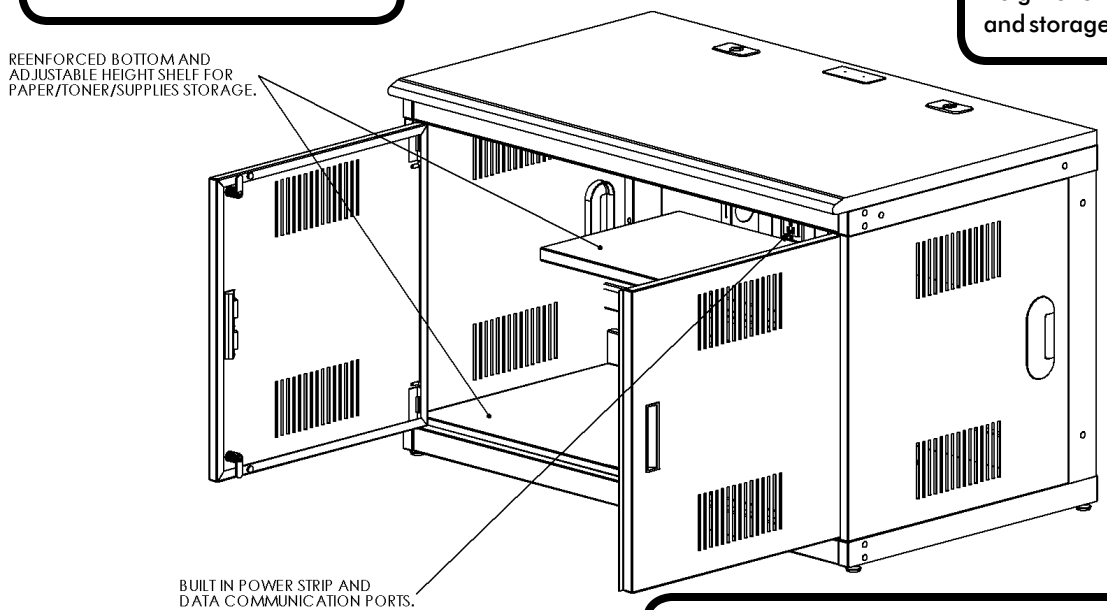
Printer Stand Solutions

P/N 4830-PR

· Built-in provision for optional communication/network plates

· Optimal cable management solutions with cable access holes in the work surface and sides

Reinforced adjustable height shelf for supplies and storage



Lockable, vented doors for securing paper, toner and other valuable products
